Subject: Approval of Amended Notice of Intention to Commence Large Mining Operations (NOI) and Reclamation Surety, Martin Marietta Materials, Inc., Milford Quarry, M/001/0036, Beaver County, Utah

Dear Mr. Stafne:

The Division of Oil, Gas and Mining has received the reclamation surety for the Milford Quarry mine and two copies of the amended pages for the Notice of Intention to Commence Large Mining Operations (NOI). The Division now permits you to begin mining operations as outlined in the NOI. The permitted disturbed area is 340 acres. A copy of the executed surety documents will be forwarded to the BLM state and field office for their records. The surety will be reviewed periodically to assure it remains adequate.

The approval or acceptance of a complete notice of intention does not relieve an operator from his responsibility to comply with the applicable statutes, rules, regulations, and ordinances of all local, state and federal agencies with jurisdiction over any aspect of the operator's mining operations.

Enclosed is a copy of the "approved" Notice of Intention to Commence Large Mining Operations for your files. Please keep your plan current by submitting changes using Form MR-REV which is located on the Division web site at [www.ogm.utah.gov/minerals](http://www.ogm.utah.gov/minerals).

All future correspondence should reference M/001/0036. Thank you for your help and patience in finalizing this permitting action. Please call Tom Munson at 801-538-5321 if you have any questions about this approval.

Sincerely,

Paul Baker.

Minerals Mining Manager
